

GUINNESS®

**DISCOVER THE  
MAGIC OF  
GUINNESS  
WITH MRC**

We're incredibly excited to be partnered with Guinness on this exclusive range, to bring you their iconic flavours all packaged up into the MRC products you know and love, plus a few new formats you won't have seen from us before.

We've developed this range of 4 products collaboratively with our in house experts and the team at Guinness, so you won't find these products anywhere else, and we can't wait to see them in your counters.

# HERE'S WHAT WE'VE CREATED...

## GUINNESS OIL MARINADE

The newest addition to our Gold Seal range, the sweetness of malt perfectly balanced with rich stout and miso creates an unforgettably mouth watering marinade that will add the magic of Guinness to any counter.

## GUINNESS PASTE

This paste has an intense burst of concentrated Guinness flavour to add oomph to any dish; it's rich and malty with hints of soy, honey and miso. When heated it melts into a sauce, so works perfectly as a burger bomb, in casseroles or brushed onto steak. Use as liberally or sparingly as you want and get creative.

## GUINNESS SAUSAGE MIX

You can now easily create the perfect Guinness Sausage with this irresistible mix of rich stout flavours, salt, black pepper and nutmeg. This complete mix makes a delicious artisanal sausage to add to your counter.

## GUINNESS GLAZE

Packaged up into our familiar Red Tub format, Guinness Glaze is rich, sweet and smoky, combining the enticing magic of those familiar malty flavours, with hints of garlic, tomato and paprika.

GUINNESS®

**MRC**

This exclusive new range is available to buy from any distributor, and we can't wait to see your creations.
